INTRODUCTION

Dear Friend,

Welcome to New Orleans, Louisiana, a city of arts and music, a city that has rebuilt, refocused and has been reborn, a city that is open for business and that we proudly believe is the cultural and culinary center of the universe. As New Orleanians, we take pride in knowing that no one on Earth is a better host or throws a better party than we do, and we are glad to have you here with us.

As the host city of Super Bowl XLVII, our goal is to eliminate confusion in advance so commercial business owners and permit seekers are aware of and can follow the proper procedures for licensing and permitting. This guide will provide business owners with the information and tools needed to be in compliance with City ordinances.

City ordinance requires that commercial businesses get the appropriate permits if they wish to operate during the Super Bowl. This guide seeks to provide a roadmap for the permitting and licensing process, including the necessary fees and criteria, a map of the clean zone, and important dates.

Because of additional approval requirements based on the clean zone and other factors, we strongly encourage you to apply for permits well in advance of the posted deadlines. Permits will not be issued on the date of application.

It is our hope that this packet will answer the majority of your questions, however if any questions remain, please feel free to contact the Office of Cultural Economy (504) 658-0907. Further information can also be found at www.nola.gov/permits.

Please be advised that all information included in this document is provided for informational purposes and may be subject to change. Any changes will be communicated via the City of New Orleans website at www.nola.gov/permits.

Thank you and welcome to New Orleans, host of Super Bowl XLVII, the preeminent sporting event in the United States.

Yours Truly,

Mitchell J. Landrieu, Mayor

Clean Zone Regulations

The “Clean Zone” is a temporary designation that seeks to protect the quality of life for residents and assists businesses in thriving during the National Football League’s Super Bowl XLVII. Simultaneously, the designation seeks to facilitate a tremendous positive economic impact on the City of New Orleans and the State of Louisiana through the regulation and control of certain areas in order to provide for the public health, safety, and welfare of thousands of residents, visitors, dignitaries, and media personnel who will attend events related to the 2013 National Football League’s Super Bowl XLVII.

Prohibited Activity

(Unless sanctioned and authorized by the National Football League and the City of New Orleans)

TEMPORARY STRUCTURES: REVIEWING STANDS, STAGES & TENTS

- The construction, placement, occupation, or use of any temporary structure (including, but not limited to, temporary location of tents, canopies and air-supported, air-inflated, and tensioned membranes) shall be prohibited except those sanctioned and authorized by the City, the National Football League (NFL) or the Superintendent of Police for public safety purposes, and approved by the Superintendent of Fire.

- All temporary structures sanctioned and authorized by the City or the National Football League shall be white structures only.

TEMPORARY STRUCTURES: MOBILE WIRELESS FACILITIES

- The erection or placement of mobile wireless communication facilities shall be prohibited except those sanctioned by the National Football League (NFL). A mobile wireless communication facility is defined as a structure, antenna or trailer that is temporary and portable in nature and used to provide or increase wireless cellular communication.

TEMPORARY VENDING: OUTDOOR SALES, CONCESSIONS & ITINERANT VENDOR LICENSE

- All permits relative to the sale of merchandise and/or the transaction of business shall be suspended on the public streets, sidewalks or right of ways and outside of any enclosed building with the exception of those that are already permitted and licensed for the sale of handmade artifacts on Canal Street. Permittees for handmade artifacts shall adhere to all requirements of approved permits and licenses and be advised that all sub-leasing will be strictly prohibited as per Section 110-79 of the municipal code.
- No business transactions and/or sale of merchandise will be permitted on the public streets or sidewalks or right-of-ways and outside of an enclosed building.
- The outdoor sale of any food or beverages will be prohibited on the public streets, sidewalks or right-of-ways and outside of an enclosed building.
- Mobile or push-cart vending is prohibited in the Clean Zone during the week of Monday, January 28, 2013 through Tuesday, February 5, 2013.
- Temporary Vending criteria/parameters:
 - No alcoholic beverages shall be provided, served or sold from any temporary outdoor use, unless such temporary structure was approved pursuant to the City of New Orleans Clean Zone Ordinance Number 24,913, M.C.S.
 - All permits relative to the sale of food or beverages shall be suspended on the public streets, sidewalks or right-of-ways and outside of an enclosed building.
 - The sale or distribution of unauthorized or illegal, non-licensed merchandise, regardless of whether the person selling or distributing is operating pursuant to a special permit, exception or exemption provided for in this ordinance or elsewhere in the City Code, shall be prohibited.

BANNERS & SIGNS & ADVERTISING

- Inflatables, cold air balloons, banners, pennants, flags, building wraps, A-frame signs, projected image signs, electronic variable message signs, and light emitting diode signs of any kind of a commercial nature shall be prohibited except for those sanctioned or authorized by the City or by the National Football League (NFL).
- Off-site and mobile advertising (including, but not limited to, signs on or attached to a vehicle, portable device or person) shall be prohibited except for promotional displays sanctioned or authorized by the City or by the National Football League (NFL), including, but not limited to, those placed on existing public utility poles.
- The distribution or provision of free products, service or coupons (otherwise referred to as sampling) and other promotional giveaways shall be prohibited except if such activities are sanctioned and authorized by the National Football League.

2013 MARDI GRAS RELATED PERMITS

All mobile or push-cart vending is prohibited in the Clean Zone during the week of Monday, January 28, 2013 through Tuesday, February 5, 2013, including those permitted and approved for the 2013 Mardi Gras Season.

- Mardi Gras vendors permitted for sales on public streets, sidewalks or right-of-ways and outside of enclosed building shall not display commercial branding and advertisement in conflict with the official sponsors and partners of the National Football League (NFL).
- All permits relative to the sale of food or beverages shall be suspended on the public streets, sidewalks or right-of-ways and outside of an enclosed building beginning at 6:00 A.M. Monday, January 28, 2013, and ending at 6:00 P.M. on Tuesday, February 5, 2013.

The violation of any provision of the City of New Orleans Clean Zone Ordinance shall be punishable by a fine not exceeding \$500 or by imprisonment for not more than six months, or both such fine and imprisonment.

OBTAINING PERMITS & LICENSES IN THE CITY OF NEW ORLEANS

- In this section
- ✓ Occupational or General Business License
 - ✓ Certificate of Occupancy
 - ✓ Special Event Promoter Permit

Basic Requirements

The following includes general information on permit and license types that will be required for those wishing to conduct business in the City of New Orleans during the National Football League's Super Bowl XLVII.

Occupational or General Business License

An **Occupational or General Business License** from the Bureau of Revenue is required if your business is located in Orleans Parish. Out of Parish vendors must obtain an Orleans Parish Occupational License as well as a Mayoralty Permit. Businesses located in Orleans Parish will be evaluated by the Department of Safety and Permits for zoning and safety compliance. (Commercial location review takes 5 to 10 business days.) Following Safety and Permits approval, you will be contacted to return to the Bureau of Revenue with your completed Schedule A, additional State documentation, and the applicable fee. After your license is issued, a Resale Exemption Certificate may be requested, allowing you to purchase items without paying the sales tax if the items will be resold in the normal course of operating your business. Non-profit organizations may obtain exemptions from Sales Tax, Mayoralty Permit, Amusement Tax, and Occupational License tax for activities benefiting their organization. (An Occupational or General Business license renewal is required annually for all businesses. Occupational licenses are required for operating a brick and mortar business as well as for functions, festivals and other events with the approval of the event organizers.)

- Related Forms : Revenue Form and Schedule A
- Fees: Fee schedule is based on the type of business license you need to obtain
- You May Also Need: Alcoholic Beverage Permit; Mayoralty Permit (Live Entertainment); Special Event Permit; Promoter's Permit; Amended Occupational License Form
- Renewals: An Occupational or General Business license is required to be renewed annually for all businesses. Applicants wishing to renew must complete Form 8030 and return it to the Bureau of Revenue at City Hall

Certificate of Occupancy

A **Certificate of Occupancy** from the Department of Safety and Permits is required to ensure your business location (including tents, carts and other mobile structures) complies with all current zoning laws and International Construction Code. Most commercial buildings have an existing Certificate of Occupancy for the property; however, an inspection of the premises is required when the use or the occupant changes. It may be necessary to obtain a new Certificate of Occupancy under the following conditions: use of the property changes, the building does not meet current building code standards for the proposed use, or the building has been out of use for over six months. No inspection will be made unless the applicant or authorized representative is present on the premises, utility services are established and operating, and all equipment has been installed and connected. Please note that Certificates of Occupancy are included in the application process for new businesses (see Occupational License above). Changes of use and temporary structures require separate Certificates of Occupancy, which can be obtained by applying for the specific permits described later in this guide.

- Related Forms: Building Permit Application, proof of ownership and Recorded Act of Sale (if the property has recently changed ownership)
- Fees: \$190
- Duration: Up to 20-30 days if an inspection is required

Special Event Promoter Permit

A **Special Event Promoter Permit** from the Bureau of Revenue is required for event/show organizers when an event or show involves three (3) or more transient vendors. You must have a complete contact list of all vendors and pay a bond and fees to complete the application process.

- Looking to attract vendors? The Super Bowl Emerging Business program is designed to connect local MWBE's with the business of the Super Bowl. Please visit <http://www.neworleans-super-bowl.com/businesses/> for more information
- Related Forms: Special Event Promoter application; Lease / Authorization agreement; Vendor List (including: business trade name, mailing address, contact person, contact phone number); Application for Exemption (for non-profits only); Bond Requirements (for profit only): \$10,000 performance bond is required if 3 or more vendors participating
- Fees: See Basic Requirement Fees Chart below
- You May Also Need: Special Event Permit; Occupational License; Mayoralty Permit; Certificate of Occupancy; Alcoholic Beverage License

BASIC REQUIREMENT FEES		
Occupational or General Business license	Fees based on the type of business license you need to obtain	Range: \$50-\$150

Temporary Structures: Reviewing Stands, Stages & Tents

The City of New Orleans Clean Zone Ordinance Number 24,913, M.C.S. prohibits the following activity for temporary structures (Unless sanctioned and authorized by the City of New Orleans and the National Football League):

The construction, placement, occupation, or use of any temporary structure (including, but not limited to: temporary location of tents, canopies and air-supported, air-inflated, and tensioned membranes) shall be prohibited except those sanctioned and authorized by the City, the National Football League (NFL) or the Superintendent of Police for public safety purposes, and approved by the Superintendent of Fire. Only official NFL sponsors will be eligible to apply for temporary structure permits intended to be erected during January 28th through February 4th, 2013.

All temporary structures sanctioned and authorized by the City or the National Football League shall be white structures only.

The following section includes general information on permit and license types that will be required for those official NFL sponsors wishing to erect or use a temporary structure in the City of New Orleans during the National Football League's Super Bowl XLVII.

Stage Permit

A **Stage Permit** from the Department of Safety and Permits is required to erect a stage for any purpose and is often needed along with other special event permits.

- Required Documents for a Stage Permit:
 - Building Permit Application Form
 - Letter from the property owner authorizing the use of the property (if the applicant is not the owner)
 - Plot plan showing boundaries of the property and location and dimensions of the stage on the property with location and distance to the nearest fire hydrant
 - A statement, with a live seal from a Louisiana registered architect or civil engineer, stating: The structure is capable of withstanding a minimum 130 PSF live load. The structure will provide a 42" high guardrail for public safety. Stairs will have risers not more than 7" high and treads not less than 11" wide. Stairs will have handrails not less than 34" high and not more than 38" high. The width of landings will not be less than the width of the stairways/ramps they serve
- Fees: \$190 plus \$60 for plan review, if required
- You May Also Need: Special Event Permit; Electrical Permit; Mayoralty Permit

Canopy/Tent/Temporary Membrane Structure Permit

A **Canopy/Tent/Temporary Membrane Structure Permit** from the New Orleans Fire Department, Fire Prevention Bureau is required to erect a canopy or tent for any purpose and is usually needed along with other Special Event Permits. This ensures compliance with the building, electrical, mechanical, and fire prevention codes of the City of New Orleans. All temporary structures sanctioned and authorized by the City or the National Football League shall be white structures only.

New Orleans Fire Department Fire Prevention Bureau must approve ALL tents, canopies and structures erected in Orleans Parish. Approval requires a completed plan review application, a completed tent/canopy/temporary membrane structure application, flame retardant certificate, and a plot plan. A minimum 2A 10BC fire extinguisher is also required for each structure. The fire extinguisher must be properly tagged.

- Fees: Fees are determined by square footage and necessity of firewatch. Please refer to the fee schedule at www.nola.gov/permits for permit fees. Firewatch fees are to be determined by the Plan Examiner.
- You May Also Need: Fire Inspection; Safety and Permits review; Firewatch

REQUIRED DOCUMENTS FOR ALL CANOPY/TENT/TEMPORARY MEMBRANE STRUCTURE PERMITS

- A Certificate of Flame Resistance/Retardant for tent fabric. These are often included with the tent or can be obtained from the manufacturer
- A Letter from the property owner authorizing the use of the property (if the applicant is not the owner)
- Plot plan showing boundaries of the property and location and dimensions of the tent on the property with location and distance to the nearest fire hydrant

REQUIRED DOCUMENTS FOR ALL TENTS, CANOPIES AND STRUCTURES OVER 100 SQUARE FEET

- A plan review application
- An operational permit issued by NOFD
- A plot plan showing boundaries of the property and location and dimensions of the tent on the property with the location and distance to the nearest fire hydrant, location of any cooking operations, and if seating will be used, the plot plan must show the seating arrangements
- A permit fee, determined by the square footage of the structure
- An inspection, done the day of the event, to ensure compliance with all regulations

REQUIRED DOCUMENTS FOR ALL TENTS, CANOPIES AND STRUCTURES OVER 1,200 SQUARE FEET OR WITHIN THE INNER CITY FIRE LIMITS

- The applicant to follow all NOFD requirements and advance through the Safety and Permits process. The NOFD approval process is conducted prior to the applicant going to Safety and Permits
- The inner city fire limit boundaries are as follows: Beginning at the center line of John Churchill Chase Street at the Mississippi River, thence along the center line of John Churchill Chase Street to the center line of Camp Street, then along the center line of Calliope Street to the center line of St. Charles Avenue, thence along the center line of St. Charles Avenue to the intersection of Howard Avenue, then along the center line of Howard Avenue to the center line of Claiborne

Avenue, then along the center line of Claiborne Avenue to the center line of St. Peter Street, thence along the center line of St. Peter Street to the Mississippi River, thence along the Mississippi River to the point of commencement

Special Notes on Temporary Structures

- If your event requires review by the New Orleans Fire Department Plan Examiner and Safety and Permits, you may be required to submit drawings for a Plan Review bearing the live seal of a Louisiana registered architect or civil engineer and a signed statement certifying that the tent installation is in compliance with NFPA 102, Chapter 8.
- ANY cooking operation conducted requires an exhaust hood, fire extinguisher, and the review of the New Orleans Fire Department Plan Examiner.
- Depending on the size, layout and complexity of the structure, a firewatch may be required. The total fees for the firewatch depend on the size, layout and complexity of the event, which is determined after reviewing the plot plan, and is determined by the rank of the NOFD firewatch personnel, the number of individuals required, and the amount of time they are needed. The fee range is \$20-\$28 per firewatch personnel with a 4-hour minimum. A firewatch is coordinated by contacting the Detail Coordinator at NOFD. In addition to the firewatch fee, there is a 10% (of the total cost of the firewatch) administrative fee payable to the city. See Attachment C for Fire Watch Program Overview.
- If the tent is obtained (gifted or otherwise) from the Sheriff's office, it still must go through the NOFD permit process and the Safety and Permits process if the size of the tent/canopy/temporary membrane structure meets the guidelines stated above.

Mechanical & Electrical Permits

In this section
 ✓ Mechanical Permit
 ✓ Electrical Permit

Mechanical and Electrical Permits and the required inspections MUST be completed before the event is opened to the public.

Mechanical Permit

A **Mechanical Permit** from the Department of Safety and Permits Mechanical Division is required if you plan to install, repair, replace, or alter any mechanical or gas-fired apparatus or equipment, such as air conditioning systems, electric or gas heaters, electric or gas furnaces or heaters, gas lines or elevators. For questions about the Mechanical Permit process, please contact City of New Orleans Mechanical Inspections Division at (504) 658-7153.

- Fees: Refer to the Mechanical Permit Application for fee information
- You May Also Need: Building Permit

Special Notes on Mechanical Permits

- Only a City-licensed Class “A” mechanical contractor may apply for this permit. More information about becoming a licensed contractor can be found at www.nola.gov/permits.
- In order to ensure public safety through compliance with the International Construction Code (ICC) as adopted by the City of New Orleans, as well as all other related state and parish regulations, permits must be obtained by licensed mechanics and engineers for work to be performed in the City of New Orleans.
- Fees are based on a several factors related to complexity of the work to be completed including, but not limited to the type of equipment being installed, the number of connections, and how many pieces of each type of equipment will be installed.

Electrical Permit

An **Electrical Permit** from the Department of Safety and Permits Electrical Division is required if you plan to install, repair, replace, or alter any electrical apparatus or equipment, except for the replacement of light bulbs and fuses.

- Fees:
 - \$40 application, fee plus \$3 per new circuit, plus \$0.30 per service amperage
 - \$40 per construction loop
 - \$60 per elevator, moving stair, dumbwaiter, man lift installation / modification
 - \$40 per sign, indoors or outdoors
- You May Also Need: Building Permit

Special Notes on Electrical Permits

- Only an electrical contractor with a Class "A" license from the City of New Orleans may apply for this permit. More information about becoming a licensed contractor can be found at www.nola.gov/permits.
- In order to ensure public safety through compliance with the International Construction Code (ICC) as adopted by the City of New Orleans, as well as all other related state and parish regulations, permits must be obtained by licensed electricians for work to be performed in the City of New Orleans.
- Fees are based on a several factors related to complexity of the work to be completed including, but not limited to: Service Amperage, New Service Connections, and Number of Circuits.

Temporary Mobile Wireless Facilities

In this section

- ✓ *Temporary Mobile Wireless Facility*
- ✓ *Building Permit*

The City of New Orleans Clean Zone Ordinance Number 24,913, M.C.S. prohibits the following activity for Mobile Wireless Facilities (Unless sanctioned and authorized by the City of New Orleans and the National Football League):

- ❖ The erection or placement of mobile wireless communication facilities shall be prohibited except those sanctioned by the National Football League (NFL). A mobile wireless communication facility is defined as a structure, antenna or trailer that is temporary and portable in nature and used to provide or increase wireless cellular communication.

Temporary Mobile Wireless Facility

Applicants seeking a permit for a **Temporary Mobile Wireless Facility** on private property should complete a Building Permit application form and submit it to the Department of Safety and Permits, 1300 Perdido St., Rm. 7E05, New Orleans, LA 70112. Applications will be reviewed on a case by case basis by the Department of Safety and Permits in conjunction with the event sponsor and in compliance with the City of New Orleans Clean Zone Ordinance Number 24,913, M.C.S.

- Required Documents:
 - Proof of official NFL sponsorship
 - Completed Building Permit Application
 - Requested Dates of Operation
 - Diagram and Specifications of the Mobile Wireless Facility
 - A plot plan of the location where the Mobile Wireless Facility will be located
- You May Also Need: Temporary Street Closure, Construction Zone, and/or Parking Meter Rental Permit depending on the location

Mobile Wireless Facilities operating with a self-contained generator within the apparatus do not need to obtain additional Electrical Permits. However, Mobile Wireless Facilities powered by a tie-in to an existing building's power source will need to obtain an Electrical Permit.

Building Permit

A **Building Permit** is required for an owner or contractor of a property to construct any new structure. Prior to starting construction you will be required to submit plans that are stamped by a Louisiana registered and licensed architect or engineer. After submitting your plans, they go through the plan review process. Depending on the specifics of your project, this review may also include or require approvals from other agencies and Commissions (Historic Districts Landmark Commission, Vieux Carré Commission, City Planning, etc.). A building permit will only be issued after the plan review process is completed and compliance with all applicable regulations is verified by all agencies.

- Fees: \$60 plus \$5 per \$1,000 of work to be performed; If plans are required there is a plan review fee of \$1 per \$1,000 of work to be performed; if a property is within a local historic district, there is a 50% surcharge on the permit fee.
- You May Also Need: Approval from the Historic Districts Landmark Commission and/or Vieux Carré Commission.

Requirements for Building Permits:

- Check to see if your building is located in a Historic District or in the French Quarter—if so, approvals for exterior work must be obtained from the HDLC or VCC prior to applying for building permits
- Building Permit Application Form
- Recorded Act of Sale, if the property has recently changed ownership
- Plot plan reflecting all dimensions of the lot and all structures, setbacks to property lines and the location and dimensions of off-street parking spaces
- Two sets of complete plans, stamped with live seals from a Louisiana licensed architect or civil engineer, for temporary structures including review stands, and stages. Signs and large banners require two sets of plans from licensed sign companies.
- If a foundation will be poured, foundation drawings detailing the foundation of the proposed structure, with live, original seals, stamped by a Louisiana registered architect or civil engineer
- Proposed use of the structure
- Number of floors or levels in the structure
- Contractor's license information. (If the project is owner-occupied residential construction, State Exemption Form R-1364 may be submitted in lieu of contractor license information)

Street Closures and Parking

In this section

- ✓ *Street Closure Permit*
- ✓ *Construction Zone Permit*
- ✓ *Parking Meter Rental Permit*

Street Closure Permit

A **Street Closure Permit** from the Department of Public Works issued to an individual or organization is required to temporarily close a street for an event. This is in accordance with the Department of Public Works Section 146-583 of the Code of the City of New Orleans. The Director of Public Works is authorized by this law to collect fees and impose conditions for issuance. Please allow at least 10 days for processing. Depending on the details of the event, you may need other special event permits.

The Department of Public Works requires the following departments and agencies be notified of all street closure requests (please refer to the Street Closure Permit form for more information):

- New Orleans Police Department
- Department of Public Works
- Department of Parks and Parkways
- Department of Sanitation
- Department of Safety and Permits
- Department of Finance
- Department of Property Management
- Regional Transit Authority
- Department of Fire

Required Documents: [Complete and submit a Street Closure Permit Form](#). The conditions you must meet to be issued a Street Closure permit include, but are not limited to, the following:

- The approval of the NOPD Captain of the district in which the event is to take place. If the NOPD Captain does not approve the event, Public Works will not issue a permit. Please contact the New Orleans Police Department Special Events Section (in the Office of the Superintendent of Police) for more information
- Hold Harmless Agreement (included in the Street Closure Permit form)
- Petition stating that there are no objections to the proposed closure which must be signed by 100 percent of the residents, property owners or property managers occupying both sides of the block to be closed. Include: names, addresses and phone numbers. (Template included in the Street Closure Permit form)
- If the street contains a neutral ground (median), the Director of the Department of Parks and Parkways must be contacted in writing to obtain written approval of the closure
- If the street borders City property, the Department of Property Management must be contacted at (504) 658-3600 to obtain written approval of the closure
- If the street is on an RTA bus route, Department of Public Works will contact the RTA for approval, and written agreement must be obtained for RTA to re-route the buses. E-mail notification is acceptable
- The services of at least two (2) New Orleans Police Department Officers must be enlisted for traffic control. The names, unit of assignment, badge numbers and current phone numbers of the officers hired must be submitted at the time of application. You must contact NOPD Special Operations at (504) 658-6205 to arrange this. NOTE: ONLY NOPD OFFICERS ARE AUTHORIZED TO CLOSE A PUBLIC STREET. SHERIFF'S DEPUTIES OR SECURITY GUARDS ARE NOT

ACCEPTABLE. If the NOPD has determined that additional officers are required due to the number of attendees, location or unique security issues, they will notify the Department of Public Works as soon as possible and it will be the responsibility of the applicant to arrange for the extra security.

- The applicant must arrange for pre-approved traffic control devices (barricades, signs, etc.) as required by the Department of Public Works. Barricades are free of charge if the event organizers arrange for the pickup and return to the NOPD (a deposit will be required).
- The applicant must also agree to any further requirement that may be imposed by the Department of Public Works.
- All documents required above, the application fee, and the fee per block, must be taken to the Department of Public Works, Room 6W03 of City Hall to apply for the street closure permit. Sign Requirements

Applicants seeking a permit for a Temporary Signs and Banners (including Building Wraps) on private property should complete a Sign Permit application form and submit it to the Department of Safety and Permits, 1300 Perdido St., Rm. 7E05, New Orleans, LA 70112. Applications will be reviewed on a case by case basis by the Department of Safety and Permits in conjunction with the event sponsor and in compliance with the Clean Zone Ordinance Number 24,913, M.C.S.

Signs will be inspected for compliance with the approved application including the specified method of attachment. Unpermitted signs will be removed, and the businesses being advertised as well as anyone caught posting advertisements will be prosecuted.

Advertising

All advertising on private property must be permitted by the City of New Orleans Department of Safety and Permits. Advertising in Public Areas must be approved by the governing agency (e.g. Department of Public Works, Department of Parks and Parkways, etc.).

Specific Prohibitions:

- Inflatables, cold air balloons, banners, pennants, flags, building wraps, A-frame signs, projected image signs, electronic variable message signs, and light emitting diode signs of any kind of a commercial nature shall be prohibited except for those sanctioned or authorized by the City or by the National Football League (NFL).
- Off-site and mobile advertising (including, but not limited to, signs on or attached to a vehicle, portable device or person) shall be prohibited except for promotional displays sanctioned or authorized by the City or by the National Football League (NFL), including, but not limited to, those placed on existing public utility poles.
- Sidewalk Chalking/Spray Painting is considered vandalism unless special exception is granted by the Department of Public Works.
- Posting of glued signs on vacant buildings, electrical poles, streetlight poles, traffic signal poles, traffic signal boxes, or newspaper boxes is considered vandalism.

- Display of advertisements attached to electrical poles, streetlight poles, and traffic signal poles by any means including rope, string, and zip tie is considered a violation of Section 166 of the City of New Orleans Municipal Code, and will be prosecuted accordingly.

In cases where the display of advertising is considered vandalism, the New Orleans Police Department has the authority to cite and/or arrest both the person(s) posting the signs and the business who solicited the promotion.

Mechanical & Electrical

All Electrical Permits will be inspected for compliance with the permit application as well as the National Electrical Code (NEC) 2008 and National Fire Protection Association Code (NFPA) Article 70. Generators will be inspected with extreme attention toward cables and power supplies, ensuring that they are located in an area without traffic. When cables crossing trafficked areas cannot be avoided, special attention will be given to ensuring cables are covered with appropriate casing/ramps. Where power is obtained from an existing structure, an Electrical Special Event Permit must be obtained prior to requesting an inspection. Where power is obtained via temporary pole, a Temporary Pole/Construction Loop permit must be obtained prior to inspection.

All Mechanical Permits will be inspected for compliance with the permit application as well as the International Mechanical Code 2009.

ATTACHMENTS

ATTACHMENT A - Recommended Fire Safety

Fire Prevention Code Enforcement Inspections are conducted at commercial occupancies in compliance with the 2006 International Fire Code as amended. Based on business operations or the nature of an event, a code enforcement inspection may be conducted.

1. All Super Bowl sanctioned events should begin with a completed Exhibit/Special Event Plan Review Application. Event information obtained on this application may necessitate the need for additional applications and/or permits.
2. NOFD, Plan Examiner, will review the Exhibit/Special Event Plan Review Application and determine what NOFD services will be required to host this event to protect life and property in Orleans Parish.

ATTACHMENT B - Recommended Fire Safety (Outdoor Cooking)

Liquefied Petroleum Gas (LPG) Outdoor Cooking Equipment Guide

LPG propane cylinders shall be located outside of any enclosure and be leak free. These DOT cylinders shall be within date, either 12 years from the original date stamped on the cylinder or 5 years from the re-qualification date that ends with the letter E stamped behind the year.

Regulators connected to the LPG cylinders must be of the correct type for the gas appliance being operated. The usually red or adjustable regulator is used only on boil burners (seafood, water boiling etc.) This type of regulator is adjustable in pounds of pressure by a hand knob. These regulators will not work on low pressure appliances such as deep fryers and ovens that are designed for low pressure (10 inches water column or 6 ½ ounces of pressure). The low pressure regulator is generally a disk or saucer shaped regulator with no hand adjustment for pressure, this type should be used for all low pressure cooking appliances that require 10 inches water column pressure

Hoses shall be designed and marked on the hose that they are for LPG (Propane) use. The hose shall have factory installed hose ends on both sides. Hose shall be free of cuts, burns, or deterioration. Hoses shall be properly connected to the regulator and the appliance being served and free of any gas leaks.

LPG/Propane gas appliances shall be for use on LPG and so marked. The appliances shall be in good working condition with all on/off knobs and factory controls in place and operational. Please note that any gas appliance that requires venting shall not vent directly into any enclosure because of the danger of carbon monoxide poisoning. If flexible appliance connectors are used they shall be of approved type for LPG (propane) and connections shall be free of any gas leaks.

Due to the limited amount of personnel available the Louisiana LPG Commission will make their inspector available for the day of inspection only. Vendors or event operators may elect to have a LPG dealer available to make sure all equipment will meet requirements or make any repairs that may be required. We will place a condemned sticker on any component part of the LPG system not meeting requirements

ATTACHMENT C – New Orleans Fire Department Fire Watch Program Overview

The following information is provided to describe the procedures for firewatch services.

1. The New Orleans Fire Department enforces the IFC International Fire Code 2006 edition as amended and adopted by the N.O. City Council as Ordinance No. 22,958 M.C.S; approved and signed by the Mayor on January 24, 2008 referred to herein as the “Code”.
2. The “Code” defines “Firewatch Personnel” as, “Uniformed New Orleans Fire Department personnel subject to the Fire Official’s orders at all times when so employed. The term “Firewatch Personnel” shall be synonymous with “firewatch,” “standby personnel,” “standby firefighter,” “standby firewatch” or similar term.
3. There are many references within the code where certain activities require a firewatch. Examples include: inoperable fire protection systems, pyrotechnic displays, usage of open flames within an assembly, operation/storage of vehicles within an assembly, and certain activities not expressly stated in the “Code” but when in the opinion of the Fire Official a firewatch may be required.
4. Once a firewatch is deemed necessary by the Fire Official for an activity, the firewatch “Detail Coordinator” in accordance with the “Firewatch Detail Hiring Matrix” determines the rank and quantity of personnel required for the firewatch.
5. The Detail Coordinator prepares a “Letter of Agreement” between the organization representative needing the firewatch and the NOFD representative (Chief of Fire Prevention or his designee).
6. Once the “Letter of Agreement” is signed, the “Detail Coordinator” forwards a firewatch “Work Order” to the Deputy’s Office. Utilizing a rotation list as set forth in the current “Collective Bargaining Agreement Between the City of New Orleans and the New Orleans Fire Fighters Association Local 632” the Deputy’s Office hires the specified fire personnel for the firewatch services.
7. In order to maintain 100% transparency, all pertinent information (detail name, location, contact person and their phone number, date, hours worked, member hired, name of officer doing the hiring etc) is entered into the “Detail Tracking Sheet” which is posted on the City intranet and retained for future reference and is accessible for viewing by all NOFD personnel.
8. The personnel hired for the firewatch services picks-up a copy of the “Work Order” and a fire department radio then reports to the site to perform firewatch services as stipulated on the “Work Order.”
9. Fire personnel are paid according to the following rates of pay as stipulated within the current Collective Bargaining Agreement: Firefighter - \$20.00/hr; Operator - \$22.00/hr; Captain/Inspector - 25.00/hr; Chief - \$28.00/hr
10. A 10% Firewatch Administrative Fee payable to the City of New Orleans is charged for each required firewatch as per fee schedule listed in the “Code”.
11. It is the responsibility of the business/organization needing the firewatch services to provide and process the IRS 1099 forms for the firewatch personnel.

ATTACHMENT D - Recommended Disposal of Solid Waste

The following includes base recommendations for collection hours and standards for trash removal in the French Quarter and the Downtown Development District (DDD) as noted in City Code Sections 16, 54, 66, 134, 138.

- Solid waste collection in the French Quarter and DDD occur between 4:00am – 10:00am daily.
- Evening collection should occur between the hours of 5:00pm – 7:00pm daily.
- Solid waste must be properly contained in carts with tight-fitting lids or in fastened 3.0 mil thick, black plastic bags. Cardboard boxes are not to be used as waste containers and must be flattened and placed in carts or black bags.
- All solid waste should be collected as early as possible so that the Department of Sanitation and its contractors can complete street and sidewalk cleaning by 8:00am daily.
- Solid waste containers and bags are not to block streets or sidewalks at any time.
- Solid waste containers should be removed from sidewalks as soon as possible after each collection. All permanent dumpsters must be screened from public view.
- Bulky waste collection is for eligible, residential properties only. IESI should be contacted in advance, if you require a bulky waste pick up on Wednesday.
- If you are an eligible property owner and disabled or do not have space for a City issued roll cart and would like to use thick black bags, you must request a waiver from the Department of Sanitation by calling (504) 658-3800 or by emailing sanitation@nola.gov.
- Hotels, restaurants, bars, properties with more than 4 units or properties which generate more than 35 gallons of waste at each pick up must arrange private services. Properties in these categories are not eligible for collection by the City of New Orleans.
- Property owners are responsible for the removal of graffiti from their structures.
- Cut grass and remove grass cuttings, leaves and waste from your property.
- Do not sweep, blow, or pour items into storm drains as contents flow to the lake.

ATTACHMENT E - Sales Tax Forms & Information

Sales Tax is due upon the conclusion of each event that occurs in the city and is the responsibility of the vendor to collect and remit in a timely manner. The rate of tax for the City of New Orleans is 5%, the total tax rate is 9%, 4% of which must be remitted to the State Department of Revenue. The City Sales Tax Form, 8070, can be found on the City of New Orleans website at www.nola.gov/BUSINESSES/Bureau-of-Revenue/Online-Revenue-Documents/Download-Tax-Forms/.

- According to the City of New Orleans sales tax provision, Sec. 150-579. - Intent of division (a), it is, however, the intention of this division to levy a tax on the sale at retail, the use, the consumption, the distribution, and the storage to be used or consumed in the city, of tangible personal property after it has come to rest in the city and has become a part of the mass of property in the city.

ATTACHMENT F – Emerging Business Vendors

The Emerging Business program is designed to connect local MWBE's with the business of the Super Bowl. The program will not guarantee anyone business from the Super Bowl, but will in turn make sure that all businesses that take initiative will have a place at the table and access to business opportunities.

The New Orleans Super Bowl XLVII Host Committee Emerging Business Program presented by Entergy is a collaborative effort by the NFL and the Super Bowl Host Committee to provide business and economic growth opportunities to local women and minority owned businesses. The objectives of this program are to:

- Maximize opportunities for minority and women owned businesses to conduct business with NFL contractors and purchasing entities as well as the Host Committee
- Channel an impactful portion of the Super Bowl economic activity to local businesses
- Provide educational information and workshops aimed at developing local business's ability to bid on contracts, network with other companies, and procure business from the Super Bowl as well as other events
